

Welcome! So another year is upon us, with new energy within and around us to step forward in our journeys in life.

Personally, I take the time every January to reflect, clear out the cobwebs and get a fresh look on where I'm going, and with the tools I have below should help you also get this year off to an amazing start too! All of us have dreams of our ideal life, so why not make this the best year for you yet!

This workbook will help you get clarity on where you are at, and what YOU want out of YOUR life this year.

I would suggest you plan to take some quite time just for you. This could be at home, outdoors in the park, by the sea – a place you cannot be disturbed for perhaps 2-3 hours to complete this workbook. It's only 2-3 hours, which is very little considering we have 8,760 hours in each year!! Lets make the most of it – you deserve it!

Ok, So grab your favourite pen and lets Get Started!!

Brenda.

Firstly, lets take a quick look at what's been happening so far for you. What was the road up until now like - perhaps it was smooth, or maybe a little bumpy?

1. What has been amazing for you in the past 12 months? What were some of your best Moments? What accomplishments were you proud of? What challenges did you overcome? What decisions did you make that improved your life?

Consider the following areas throughout all your writing: Health, Finances, Career/Meaningful Work/Being of Service, Contribution, Relationship with myself, Family, Friends, Partners Personal Growth, Attitude, Social Life, Spiritual, Hobbies, Fun, Learning, Future Plans & Projects, Physical Environment, Nutrition, Exercise, Self Care, Stress Management, Travel & Adventure, Playtime, Happiness, Emotional, Flexibility in life, Creativity, Opportunities etc.

2. What was <u>not</u> so good about the last year? What do you <u>not</u> want to happen again? What learning's/virtues did you receive? Are they still ongoing or is that chapter now complete?

3. Keeping in mind the categories listed earlier - Where did you FOCUS most of your time and energy in the last year? How did that work out for you? What would you like to leave behind? What do you need to release and let go of now, before moving onwards?

4. Ok, So lets move on to your desired destination!

What goals, dreams or desires would you like to see manifest for yourself in your life? (Regardless if it seems impossible or silly right now).

Again, consider the following areas throughout all your writing: Health, Finances, Career/Meaningful Work/Being of Service, Contribution, Relationship with myself, Family, Friends, Partners Personal Growth, Attitude, Social Life, Spiritual, Hobbies, Fun, Learning, Future Plans & Projects, Physical Environment, Nutrition, Exercise, Self Care, Stress Management, Travel & Adventure, Playtime, Happiness, Emotional, Flexibility in life, Creativity, Opportunities etc.

Have fun with this!! If you aren't feeling the butterflies in your tummy then are you really sure you want it?

A NEW YEAR - A NEW JOURNEY

5. You may recall a time where you overcame a challenge – how did you do that, how did you focus, how did you get support, did you ask for help? What were the steps that worked for you?

A NEW YEAR - A NEW JOURNEY

7. When you are delivering goals or projects - Do you have you lots of fire to get started followed by a loss of momentum and enthusiasm mid way through? Or do you find it difficult to get started and keep delaying it so nothing gets started? What is your normal pattern for you?

9. List your goals in the order of priority as to which of the earlier goals mean the most to you, that you know would bring YOU the most fulfillments, satisfaction and joy in YOUR life?

a. Once you have completed your list, proceed to write beside the list above how long you believe it may take to achieve each goal ... 3 months, 6 months, 1 year, 3 years or longer?

10.Ok, So lets focus on the top 3 goals in your list above. Lets write them out here:

Great! Well done on taking <u>Action</u> and the first steps towards YOUR dreams!

Remember to **Celebrate**! This can be as simple as sharing your good news with a friend, doing a dance in your living room or many other fun ways.

Also remember to give **Gratitidue** for your blessings every day. As each step of your goals are being reached say to the universe '*YES, Thank you, More Please*' – this helps give clarity back to the universe to bring in more for your ongoing success.
